

WOMEN'S INTERNATIONAL LEAGUE FOR PEACE & FREEDOM

UNITED STATES SECTION

THIRTY-SECOND TRIENNIAL CONGRESS

DETROIT, MICHIGAN

August 3, 2014

Resolution passed unanimously by voice vote

Women of North America and Europe founded and have led WILPF-International for the first century. Now is the time to embrace leadership from the "Global South." We can practice the fine art of learning from and being led by new ideas from other cultural heritages, from acknowledging the leadership of our sisters from South and Central America, from Africa, from Asia, the Middle East and the Pacific.

We urge support for these WILPF sisters for positions on the WILPF International Executive Committee!
